INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Kannapolis Directory since 1950), presents to subscribers and the general public, this the 1965 edition of the Kannapolis City Directory, which also includes China Grove, Landis and Rural Route Residents. (In all the Hill Directory Company and its affiliated companies publish more than 1,300 city, county, state and national Directories.)

Confidence in the growth of Kannapolis' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Kannapolis to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Kannapolis Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Kannapolis, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Kannapolis, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE; is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper showing a section for Kannapolis, followed by a separate section for China Grove and Landis.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Kannapolis and vicinity.

The Kannapolis Out-of-Town City Directory Library

Through the courtesy of the publishers of the Kannapolis City Directory, a Directory Library is maintained in the offices of the Kannapolis Merchants Association Inc. for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with the assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

General Review

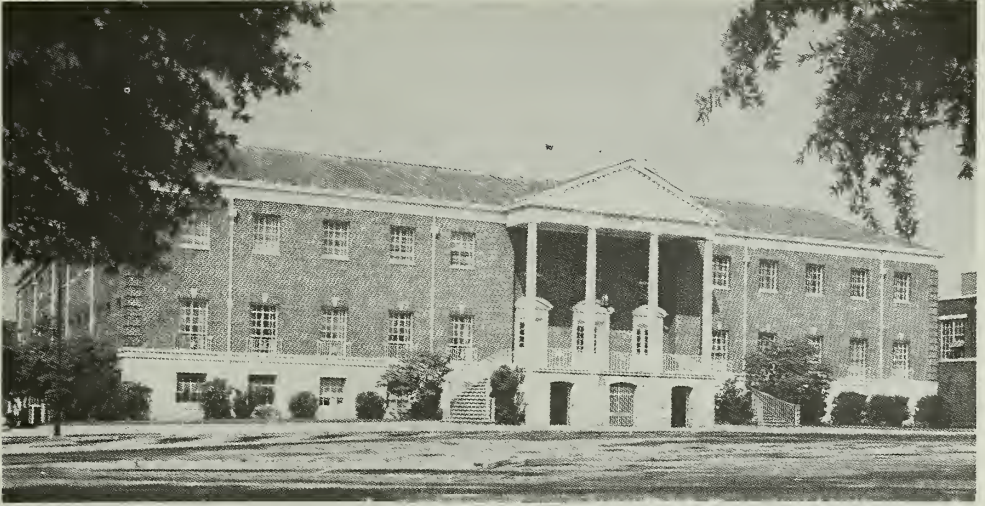

Kannapolis--translated from the Greek meaning "Loom City"--is situated in the heart of the industrial Piedmont Section of North Carolina in the southern part of Rowan County and the northern part of Cabarrus County--816.07 feet above sea level.

Trinity Methodist Church, built at a cost of approximately half-million dollars in 1954-1955. It is one of the many churches serving residents of Kannapolis.

W. J. Bullock Physical Education Building. This is one of the finest High School Gymnasium Buildings in North Carolina.

Cannon Memorial Y. M. C. A. center of social and religious life in Kannapolis, N.C., named in memory of the late James Wm. Cannon, founder of Cannon Mills.

A. L. Brown High School. This is the Senior High School with approximately 800 boys and girls enrolled, which includes complete vocational training. (Approximately 5,700 students are enrolled in all the city schools).

The late Mr. J. W. Cannon, founder of the Cannon Mills Co., purchased 600 acres for the Kannapolis site in 1905 and began the construction of houses in 1907. Production at Plant No. 1 was begun during 1908.

The people here are church-goers. They make up 80 congregations.

They have a keen civic spirit, working through such organizations as the Masons, Odd Fellows, Woodmen of the World, Red Men, Patriotic Order Sons of America, Junior Order United American Mechanics, Business Men's Club, Junior Chamber of Commerce, Rotary Club, Lions International, Pilot Club, Optimist, Credit Women's Breakfast Club, American Legion and Veterans of Foreign Wars and their auxiliaries, War Dads, War Mothers, Boy Scouts, Girl Scouts, Independent Student Aid Association, Red Cross, Moose Lodge and dozens of fellowship clubs for all ages.

The heart of the community is the Cannon Memorial Y.M.C.A., which claims one of the largest memberships under one roof in the world-wide organization. The rolls list the names of approximately 11,500 men, women, boys and girls.

Aerial view of business district and Cannon Mills, Plant 1,
Kannapolis, N. C.

It operates in a Colonial-style structure that cost \$500,000 in the years before World War II, when money went much farther than it goes today. Facilities include two large gymnasiums, three kitchens, a library that ranks with the finest in North Carolina, a spacious swimming pool, a health club, handball and volleyball courts, bowling alleys, billiard and tennis tables and numerous club and conference rooms.

Kannapolis' public schools bow to none in North Carolina. Enrollment is a record 6,000 boys and girls.

A. L. Brown Senior High School is known widely for its diversified courses, offering the prescribed academic studies, home economics, vocational courses, art, dramatics, music, debating, journalism, physical education and Bible.

The public school music program begins in the first grade and extends through senior class.

Kannapolis' key industry is the Cannon Mills Co., the world's largest manufacturer of household textiles—towels, bath mats, wash cloths, dish towels, sheets, pillowcases and nylon stockings.

The town has been developed around the Cannon Mills.

The village mushroomed.

Mr. Cannon, whose dream was a model textile city built around a booming industrial plant, contributed land and funds for construction of churches and schools.

He made, back in 1898, the first hand towel manufactured in the South, and by the time he died in 1921, Cannon towels had become nationally famous.

After the founder's death, his son, Charles A. Cannon, became chief of the vast industry, and developed a textile trade far beyond his father's fondest hopes.

The Cannon organization now employs locally approximately 13,500 men and women. Thousands of these workers have service records extending from 10 to more than 60 years.

Charles A. Cannon, like his father, had dreams of a model manufacturing town—a beautiful town to which North Carolinians could point with pride.

In 1937, the fiftieth anniversary of the company, he launched a gigantic, multi-million-dollar construction and remodeling program. This expansion, interrupted by World War II, is still in progress.

Mr. Cannon was impressed with the manner in which historic Williamsburg, Va., had been rebuilt, and he engaged the C. E. Swanson Associates, Chicago architects, to survey Kannapolis' business district and draw plans to be used in the long-range construction program.

Mr. Cannon is now chairman of the board. Don S. Holt is president of Cannon Mills Co., and has been since April 1962, when Mr. Cannon became chairman of the board.

A result has been a transformation of the downtown district into Colonial-type architecture.

One of the nation's largest sanitary districts is now in its formative stages. This will take in more than 5,000 homes.

CHINA GROVE, NORTH CAROLINA

China Grove is one of North Carolina's oldest towns, being incorporated in 1889.

Population--1960 U. S. Census, 1500; local estimate at present 1,600.

The first rural mail delivery in North Carolina was made from the China Grove Post Office, October 23, 1896.

Location—China Grove is located on U.S. No. 29 and 601. Its main industry is textiles.

China Grove has four fine civic clubs: The Rotary Club that meets each Thursday, 6:15 P. M. at Millers Hotel; The Civitan Club that meets the second and fourth Mondays, 6:30 P. M. at Millers Hotel; The Lions Club that meets the second and fourth Fridays, 6:30 P. M. at Millers Hotel; The Womans Club that meets the fourth Monday in each month at 7:30 at the Community Building.

There are one or more churches of each denomination in China Grove.

LANDIS, NORTH CAROLINA

FACTS ABOUT LANDIS

The Town of Landis was incorporated March 7, 1901. It is situated in the beautiful Piedmont crescent of North Carolina at an elevation of 900 feet. The population according to the 1960 census is 1,763.

It operated under a mayor-alderman form of government. The mayor and 4 aldermen are elected for a two-year term and receive no salary. They meet the first Monday in each month to decide upon matters pertaining to the town with special meetings called when the need arises. They have one full-time policeman and one part-time policeman. They also have three policewomen to direct the traffic during school hours.

The town operates its own water works and power systems. Both systems are operated efficiently and profitably thus reducing the amount of taxes needed. Duke Power Co. furnishes the power for resale.

The water supply system consists of a water plant with a designed capacity of one million gallons of finished water per day. 290,000 gallons of finished water can be stored at the plant. The town has one 1 million-gallon finished water storage tank, and 2 one hundred thousand-gallon finished water storage tanks. The town draws raw water from three reservoirs. George Wright Lake, located at Five Forks, has a capacity of 45 million gallons of water. Lake Corriher and the lower lake, located at the water plant, have a combined capacity of 72 million gallons of water. The waste treatment plant uses the Imhoff System of treatment of waste.

A library is provided by the town with special emphasis on the children's reading program during the summer months. They also provide a musical program for band students during the summer months. A full recreation program is provided (see write-ups on following pages).

The town sponsors a Christmas parade each year. Also, the First Evangelical and Reformed Church in Landis presents a live nativity scene on the lawn of their church. Thousands of people view the nativity scene as it is presented each evening from 7 'til 9 P. M. for approximately 10 days at Christmas time.

The civic organizations of the town are among the most active in the state. The Landis Community Development Association, Inc. and Landis Enterprise Inc. are the two organizations which are promoting Landis and helping new industries to locate in Landis.

We extend a cordial welcome to everyone who wishes to come and visit out town.

RECREATION

The people of Landis have the philosophy that all work and no play makes a dull child. In keeping with this philosophy the residents provide many recreational activities for their youngsters. The most popular is the swimming pool and is available to all customers of the Landis light and water system for the small fee of \$1.00 per year and is manned by life guards who are trained in life-saving procedures. The pavilion is available to the people and around it are five outdoor barbecue pits with grills. There are two all-weather tennis courts and playground equipment at two different locations in town for the children to enjoy. Other recreational facilities include an archery club with the best archery ranges in the state, soft ball and baseball for both children and adults and a winter basketball program. There are 2 large huts for the Boy Scouts and the Girl Scouts. The beautiful American Legion building is the hub for the community life of Landis and is available for all activities.

INDUSTRY

The industrial backbone of Landis for over 60 years has been the Linn and Corriher Mill Companies. These two cotton yarn mills have a combined employment of over 750 and a combined payroll of nearly \$2,500,000.00. Each plant has about 40,000 cotton spindles and produces about 150,000 pounds of yarn per week.

Sipe Manufacturing Co. is a local furniture plant employing approximately 25 persons. After 15 years of manufacturing upholstered living room and den furniture, Sipe Manufacturing now reaches sales points in six states.

LATEST ADDITIONS TO OUR INDUSTRIAL SCENE

Corlin Co., a joint venture of Linn Mills and Corriher Mills Co., built at a cost of \$750,000, is a package dyeing concern. Their payroll of \$200,000 annually helps the business. It is equipped to dye or bleach 90,000 pounds of yarn per week. It is a beautiful building and adds to the town.

On June 4, 1962, Loralyn Manufacturing Company, a division of Stayon Products, Incorporated, of Greenville, South Carolina, opened their new plant. Landis was chosen for the new plant site because of the plentiful supply of labor existing in the area and proximity of the plant to the suppliers of raw goods. Originally, total cost of the new plant was \$80,000.00 for the building and ground and \$80,000.00 for equipment. The building (constructed by the D. C. Linn Construction Company) contains 15,300 square feet; it is completely air conditioned, modern building throughout. At the time of the opening, the new plant employed approximately fifty people. Loralyn manufactures infants' sleepwear and play clothes.

Wax Associates, Inc. is a locally owned operation which supplies paraffin discs to knitting yarn spinners throughout the South. It was organized in Landis in the early 1950's and after a brief tenure of operation in another location, it has returned to Landis for full time operation in its new building.

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

HILL'S KANNAPOLIS

STREET and AVENUE GUIDE INCLUDING TELEPHONE NUMBERS and HOME OWNER SYMBOLS 1965

Including China Grove and Landis

Copyright, 1965, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parentheses denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

A STATEMENT of ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.
